## Canoe Prices

Features on all standard custom wood strip canoes include:

- 1/4" cedar strip staple-less construction
- 6 oz. fiberglass layer set in epoxy (inside and outside)
- solid hardwood decks
- two cane seats
- center contoured carrying yoke
- hardwood gunwales with scuppers
- Minimum 4 coats marine UV varnish

Model	Description	Features	Pricing
15 ft. Ranger	The 15 ft. Ranger is basically a shortened version of the classic Prospector canoe. It has a shallow arch hull and full ends. With a capacity of up to 450 lbs., it will carry all your gear for day trips. A good family canoe.	Standard	Starting at \$4000
15 ft. Bob's Special	The Bob's Special is a good solo canoe with more tumble home than other models. Moderate rocker and soft bilges. Capacity of 450 lbs. with a draft of around 4 inches, the finished canoe will weigh around 50 lbs.	Standard	Starting at \$4000
15 ft. Hiawatha	This little canoe is modeled after the early Canadian canoe. Described as a general purpose canoe, it does however have less stability than other canoes of this length.	Standard	Starting at \$4000
16 ft. Prospector	Modeled after the classic "Chestnut" canoe, this is probably one of the most popular canoe designs in Canada. A very good family boat with a capacity of up to 540 lbs.	Standard	Starting at \$4200

17 ft. Nomad	A slightly longer and narrower version of the Prospector and slightly faster.	Standard	Starting at \$4400
17 ft. 6" Redbird	This is a fast "tripping" canoe with moderate "rocker". Deep ends with a very traditional 're-curve". Capacity of up to 500 lbs	Standard	Starting at \$4500
		Contoured seats	Add \$50
		Extra thwart	Add \$40
		Decorative decks	Add \$50
		Carrying handles built into Decks	Add \$60
		Decorative feature strips in hull (sides)	Add \$200 +
		Extra layer of fiberglass on hull (4 oz.)	Add \$200
		Spray clear coating	Add \$400 +
		Decorative pattern in hull (bottom)	Add \$200 +
		Keel	Add \$100
		Brass stem band	Add \$100 - \$200
		Simple wood handles	Add \$50
		Solid inlays	Add \$150 +
