- Hardwood gunwales with scuppers
- Minimum 4 coats of marine UV varnish

Model	Description	Features	Pricing
15 ft. Ranger	The Ranger is basically a shortened version of the classic Prospector canoe. It has a shallow arch hull and full ends. Capacity up to 450 lbs., Good for day trips and short overnight trips. Finished canoe weight of around 50 lbs.	Standard	Starting at \$4500
15 ft. Bob's Special	The Bob's Special is a good solo canoe with more tumble home than other models. Moderate rocker and soft bilges. Capacity of 450 lbs. Finished canoe weight of around 50 lbs.	Standard	Starting at \$4500
15 ft. Hiawatha	This little canoe is modeled after the early Canadian Canoe. It has less stability than other canoe models. Finished canoe weight of around 50 lbs.	Standard	Starting at \$4500
16 ft. Prospector	Modelled after the classic "Chestnut" canoe, this is one of the most popular designs in Canada. A very good family canoe for overnight trips. Capacity of 540 lbs and finished weight of around 55 lbs.	Standard	Starting at \$5000

17 ft. Nomad	A slightly longer, narrower and faster version of the Prospector with finished weight of around 60 lbs	Standard	Starting at \$5500
17 ft. 6 inch Redbird	This is a fast “tripping” canoe with moderate rocker. Deep ends with very traditional “re-curve”. Capacity of up to 500 lbs. and finished weight of around 65 lbs	Standard	Starting at \$6000
